**“EVERYTHING GOD DID WAS GOOD”**

The summary statement in Genesis 1:31 encapsulates all that had transpired in the six days during which God created the heavens and the earth. Nothing about the end product was bad. Nothing about the way the universe functioned, nothing about the way the environment worked, nothing about the way the life-breathers related, nothing about His stewards-nothing was “un-good.”

How could it be otherwise? If God is omnipotent and omniscient, how could not author un-good. If God intended the creation to speak His glory, then He must have made it in such a way that the creatures could understand the message. To ignore the clear teachings of so much of Scripture is to ignore the God of Scripture and to reject the message of Scripture.

*All His works are done in TRUTH (Ps. 33:4)*

After the Fall of man, many have questioned God’s Goodness. We, as new covenant believers must hold on to God’s great and precious promises given to us in Jesus Christ. One of my favorite is Romans 8:28. “We are assured and know that (God being a partner in our labor) all things work together and are (fitting into His plan) for Good to and for those who love God and are called according to His design and purpose.”
