

HAPPY FATHERS DAY 2009

On this Fathers Day, it is good to reflect on our heritage. In Genesis, we are learning that God created the first man, Adam in His image and likeness. We are all descendants from Adam. Thus, we are special creatures, unique from all others in the living world. He created us to be in Fellowship with Him and to have dominion over fish, birds, and over every living thing that moves on the earth.

On this Fathers Day, as you honor your Dad, reflect upon the good times, the lovely things, and anything that is praiseworthy. Pray and ask God to show you how to share His love with your Father. Trust that God would do something special on this Day.

On this Fathers Day, would you honor your Heavenly Father who blessed you with life and a purpose for living. You honor Him by *abiding* in His love. You abide in His love by *obeying* His commands. His commandment is to love one another. He commands this in order for you to experience *Joy* to its fullness.

Happy Fathers Day!

Pastor Clay
