

## **“Idolatry and Immorality”**

March 15, 2009

The book of Judges is a sad time in Biblical history marked with disobedience and sin. The lesson of Judges is clear. People left to do what seems right in their own eyes will end up doing what is wrong in God's eyes-gross idolatry, immorality, brutality, and injustice. When God's objective standard of right and wrong is discarded, people will not only hit bottom morally-they will break clean through.

You have the privilege of making your voice heard for God and for good through letters, e-mails, and phone calls to policy makers at all levels of government. Educate yourself about the spiritual sickness in our nation, then take 10 minutes today to write, call and pray. (*Daily Walk*)

Saints are being called upon now to flood our Hawaii Senators with phone calls, faxes and emails saying that we do not want HB444 HD1 to be pulled from the Senate Judiciary Committee. See enclosed insert for names and numbers of the Senators to call.

Plan on coming out tonight to the Unity Prayer Rally at the State Capitol from 4-6pm. A huge turnout is needed. May God strengthen you and equip you as you offer yourselves to Him as a form of Worship.

~Pastor Clay
