

## "BLOCKAGE"

Have you ever felt God being distant? Ever felt God not answering your prayers? What about your relationship with Him? Has it been strained lately?

Perhaps you are experiencing "blockage." Something seems to be clogging up the communication lines between you and God.

If this sounds familiar, then I would like to challenge you to do the following...Warning...it will take courage on your part.

But this is for serious inquirers only! Only for those who want to get serious with God.

In Psalms 139:23, 24 David prays and asks God to examine him.

1. "Search me O God and know my heart" - Give God permission to examine your life as a Physician would an x-ray.
2. "Try me, and know my anxieties" - Allow God to test you and reveal to you what you are most concerned about.
3. "See if there is any wicked way in me" - Here is where it will take wickedness to you. You will be asking God to reveal any wickedness to you. If you are serious, God will be serious. You may not like what He reveals, but like a cancer patient, you would want to know the TRUTH. We must see sin the same way God sees it and if He calls it wicked, then it is wicked.
4. "And lead me in the way everlasting" - As you confess and repent...ask God for a broken spirit.

May the God of all Grace restore you into intimate fellowship with His Son Jesus Christ and keep you there...

Pastor Clay
